Online Respirator Medical Evaluation

Respirator Protection is one of the top 5 most cited OSHA violations. To save you money, time and the hassle of clinic appointments, Respclearance.com facilitates a convenient, online method for employers to obtain medical evaluations as required by the OSHA Respiratory Protection Standard (29 CFR 1910.134). The online respirator medical evaluation has a web-based interactive questionnaire (English/Spanish/French), which gives you immediate results.

Cost Effective

- Board certified evaluations, starting at \$20.
- Receive 2 FREE evaluations.

Quick

- Online evaluation only takes 10-15 minutes to complete.
- Printable results in seconds.

Convenient

- 95% instantly pass.
- Receive clearance 24/7.
- View real-time metrics.

Easy Onboarding

- HIPAA platform that offers batch entry for hundreds of users, tracks progress, and provides management of multiple locations / depts.
- Complete the questionnaire via email, access code, QR code or our easy kiosk option.

Quality

- Brand the system and emails with your logo for a seamless experience.
- Free fit test record management & respiratory protection training.

Data Management

- Input fit test records easily, using medical evaluations as a baseline.
- Download a spreadsheet with employee status or approval letters in PDF.
- Users can save to apple / google wallets.
